

>>> BURGLARY ALERT <<< NYPD 105 PRECINCT SECTOR - E

26 BURGLARIES have occurred in 105 Precinct Sector-E in 2023

- **42%** of burglaries involve commercial trucks.
- **58%** of burglaries involve residential or commercial buildings.
- **80%** of burglarized buildings involve **entry through a rear or side window**.
- **96%** of burglaries occurred when the target was unoccupied.
- **100%** of buildings targeted by burglars **did not have working cameras** or alarm systems.

Consider these facts when developing a plan to protect your home or business. Call your local precinct to request a [Crime Prevention Survey](#).

>>> Many of the following tips can be applied to your residence as well <<<

COMMERCIAL BURGLARY PREVENTION TIPS

CASH REGISTERS

Empty and leave open to prevent unnecessary damage.

VIDEO SURVEILLANCE

Ensure cameras are functioning, unobstructed, and DVR can record for at least 30-60 days.

SIDEWALK CELLAR

Lock and secure.

DOORS

Install commercial grade locks and hinges with non-removable pins.

ALARM SYSTEM

Test your alarm regularly with your central station provider.

SAFES

Change the combination. Bolt to floor. Underwriters Laboratory (UL) rated for value of contents.

ROOF OPENINGS

Lock and secure skylights, ventilation, and hatches.

CLIMBING AIDS

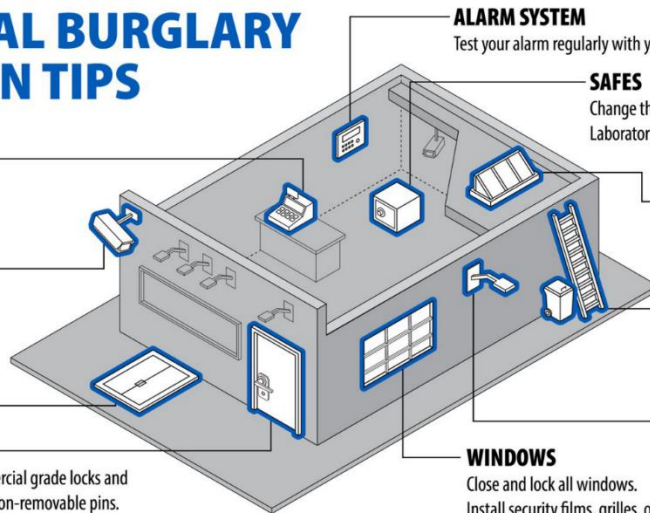

Lock up or remove climbing aids such as ladders and trash bins.

LIGHTING

Illuminate all entry points and exterior sides of your business.

WINDOWS

Close and lock all windows. Install security films, grilles, or bars.
