July 18th, 1928. President Conolly of the Creedmoor Civic Association who so gallantly went forward on behalf of the people of this community, is making an appeal through this medium, to support this Association for a further protest against this proposed project.

Up to the present time two appeals have been made before the Board of Estimate in an attempt to have the Railroad tracks removed. A third hearing has been set for August 16th at which time greater pressure will be brought to bear.

SUCCESS—consists not so much in sitting up nights as being awake in the daytime.

Street and rezoning of adjacent territory; the proper police protection; that is, the policing of Rocky Hill Road and providing policemen at school crossing; the reduction of the high assessed valuation on the houses of this community; the obtaining of a sub-police station for this section.

The Entertainment Committee has labored very diligently to make this affair a most enjoyable evening for both young and old. There are numerous amusements and games planned for which valuable prizes will be awarded.

The music will be furnished by the Du Van Orchestra who have a reputation of making people forget their troubles.

OUR EDITOR SAYS-

Not more than one man in a thousand can tell you why he smiles when he is pleased, or why he frowns when displeased. The other nine-hundred and ninety-nine say it is the natural thing to do and let it go at that.

There are but two kinds of people in this world. Those who strive for all they can get out of it and those who strive to leave something in it. The latter have the better chance of success.

TIME—The only difference between the difficult and the impossible is that the impossible takes more time.

FIGHT TO REDUCE 1929 TAXES

Everybody agrees that 1928 Taxes were exorbitant. The time is drawing near when another fight will be on the hands of this community to reduce these.

The Creedmoor Civic Association was organized to late to protest the 1928 Taxes. However they will be on hand when the Tax Books for 1929 are open.

We have every assurance that a reduction will be effected.

SUB-POLICE PRECINCT FOR OUR COMMUNITY

Every effort is being made to get a Sub Police Station in our district. Petitions are already being prepared which will be brought before the Police Commissioner for action and it is hoped that everybody will co-operate and sign these petitions as this matter is of vital importance. Additional police protection is absolutely necessary if a recurrence of the many accidents both to children and grown ups is to be avoided.
